## STETSON PLAYS TEN INNINGS

### TIE GAME WITH K. M. I. AT EU GALLIE

Stetson has always found that a close hard fought game follows a trip to the home of the K. M. I. boys and such was indeed the case this year. But however warmly the soldiers contend for every point in the game they never fail to give us as pleasant a time as lies within their power. We were taken out in a launch in the morning to see the motor boat races and in the afternoon before the game were invited to take part in the field sports. The honors in the running broad jump were won by Calhoun who entered for us and "Red" Snediger easily won the hundred yard-dash for the green and white.

The game was called at 3:00 and the score by innings was as follows: Stetson at the bat 1st half of 1st inning. Calhoun walked, Snediger got to first on an error, advancing Calhoun to second. Both advanced on Capt. Allen's neat sacrifice. Galloway walked. Jones struck out but running to first drew the catchers throw, Calhoun and Snediger both slid home. The umpire called Calhoun forced out and Jones out at first thus making three outs. This was a mistake as there cannot be a force out when a man strikes out with men on bases. After some discussion the game proceeded with the score 0-0.

2nd half of 1st. DeKlyne reached first, hit by pitched ball advanced to second on Brand's sacrifice and to third by Stabler's sacrifice. The inning closed by Buck's retiring pitcher to first. No score.

1st of 2nd inning. Garner walked, stole second, Blount struck out, Wideman flew out to catcher, and Garner was put out at the plate on Smith's grounder to short. No score.

2nd of 2nd inning. Pointer out second to first, McMullen out third to

## Stetson Loses to Ormond

Score 3 to 2.

In a very exciting game, characterized throughout with sensational situations, the baseball team from the Hotel Ormond defeated the Stetson team by the score 3 to 2. The feature of the game was the pitching of Garner who yielded only two hits during the entire game. Considering the fact that the Ormond team is composed largely of old "leaguers" this is quite a remarkable showing. The interest in the game was sustained to the last for up to the beginning of the ninth inning the score was two to one in our favor, but a muffed third strike by Campbell and an error by Snediger together with a hit by Carpenter allowed the Ormond team to score two runs and the Stetson boys were unable to again even up the score.

The box score follows:

## Chaudoin Wins Back Her Laurels

DeLand Basket Ball Team Loses by a Score of 7-33.

Away back, several months ago, the DeLand and Chaudoin teams played a game of basket ball. It resulted in a score of 16-9 in favor of DeLand. So the Chaudoin team took a fresh hold of basket ball and its ins and outs; and on February 22, DeLand team found that they were the all-ins, to a score of 33-7.

Chaudoin sure played basket ball. DeLand was crippled in their center and one of their forwards. But nothing was the matter with the guards, only some way or other they couldn't seem to guard. The ball went flying down the field with a precision and accuracy to do one's soul good, straight into the basket. Chaudoin certainly showed excellent team work; very seldom was DeLand successful in breaking it up. Once the ball went into the hands of a Chaudoin player, every one knew what it meant; a basket for that side.

The Chaudoin team was greatly helped by the vociferous cheering for DeLand. For that was the only cheering there was. Yells from inmates of Chaudoin and Stetson Halls were conspicuous by their absence. The Chaudoin team certainly appreciated the hearty support (?) it received from those whom it was supposed to represent.

Quite a number of fouls were called on both sides. Several changes in the players for DeLand were made during the game. Miss Bunch, Chaudoin's center, put up a splendid game, as did also the forwards, Miss Post and Miss Quarterman. Miss Quarterman made most of the baskets, but Miss Post did some good work in supplying her with the ball. Chaudoin's guards played their game, a story the score tells without further details.

At the end of two fifteen minute halves, the Chaudoin team walked off the floor, with the score 33-7 in their favor, in the midst of a most noisy

silence. Ah, well! Pride goeth before a fall.

first, Wilken got a hit over first base and Campbell struck out. No score.

1st of 3rd inning. Calhoun walked, stole second, Snediger laid down nice bunt and was safe on first baseman's error, Calhoun scoring on same error and Snediger going to second on the throw to the plate and to third on Allen's sacrifice. Galloway scored Snediger on a hit to left field but was put out at second. Jones got a clean two bagger and stole third but Garner struck out retiring the side. Score 2-0.

2nd of 3rd inning. Eubank walked, out on DeKlynes grounder, second to short, DeKlyne safe on first, Brand struck out but in the mean time DeKlyne had stolen third, Stabler walked and both men scored on Snediger's error in handling Buck's grounder. Pointer struck out. Score 2-2.

During the next seven innings no runs were made and at the end of the tenth the game was called on account of darkness.

#### New Laboratory for Oldest Engineering School in English Speaking World.

The Rensselaer Polytechnic Institute at Troy, N. Y., which is the oldest school of engineering to be established in any English speaking country, has completed a new laboratory for the departments of mechanical and electrical engineering at a cost of \$415,000. This building was erected with part of the million dollars given by Mrs. Russell Sage. It is the fourth new building erected by the institute within the last four years.

Many new machines have been installed in the laboratories for the tests of the strength of materials, one of these having a capacity of one million, two hundred thousand pounds.

The new club house and the athletic field which contains a baseball diamond, football field, tennis courts and running track, are situated on the campus adjacent to the buildings and are therefore easy of access for students wishing to use them.

The institute gives courses in civil, mechanical and electrical engineering and general science, leading to the degrees, civil engineer (C. E.), mechanical engineer (M. E.), electrical engineer (E. E.), and Bachelor of Science (B. S.) During the past four years the number of students at the school has increased from 225 to 670.

Under the heading "Somebody's Mad," you probably read a little, very little tirade against the stand we have taken in regard to literary societies and their constitutions. We will say in the beginning that the article was properly labeled for in the true sense of the word somebody must have been mad—stark, raving mad. Semi-civilized as we are of course we must have constitutions but that for which we were making a plea was for a little society (in a small way of course) along with the constitution. Riddle: When does a society cease to be a society?

Ans.: When it becomes a constitution.

While it was not our intention originally to comment on the content of the "Space for Friendly and Hostile Comment" yet so deeply were we moved by the appearance of "A Friend" that we can but stammer a few unintelligible words of appreciation. We haven't wished to be unkind, we considered all our articles as not uncalled for, and if in anybody's opinion they have been unjust, heaven knows we tried to be merciful; yet we very much fear that our feeble attempts at tempering justice with mercy have not been at all times recognized. (Passing strange! Passing strange!)

Yes, we thank you, thou greatest alleviator of human grief and sorrow—a friend. Aye, and a human friend, too—one who has time to forget that portion of grief and sorrow peculiar to himself as mortal long enough to say a good word for—an editor. Here our gratitude stoppeth all utterance.

On practical jokes: Nobody ever benefited by a practical joke; those who play them of course always strongly maintain that they are for the sole good of the recipient. But how many recipients who are nervous wrecks on account of that same friendly interest!

Practical jokes always have one, of two, or two distinguishing characteristics. They may be vulgar alone or they are both vulgar and brutal; however, there we fear we have made a mistake for the vulgar cannot but be brutal to a sensitive and refined man or woman. When is a joke not a joke? When it becomes practical, for then all humor vanishes and a farce becomes a plain, blunt reality. True it looks sometimes as though the perpetrators were really enjoying themselves but no—they are seeking by forced hilarity to rid themselves of conscience strains, and oh what a strain they give their consciences by so doing!

Joke if you like, fellow students, but in the name of humanity, let's have no more impractical burlesques on the name.

### STETSON VS. OUTLAWS.

One of the most exciting ball games that have been played this year occurred on Saturday afternoon.

The game marked the appearance of the DeLand Outlaws. The Outlaws are made up for the most part of old Stetson stars or near stars. As the result will show the old times had not forgotten all their former training. Stetson was handicapped by the absence of Campbell, the regular catcher who had signed with the outlaws. Jones and Garner did the catching. The chief handicap was in the lack of a twirler. The Outlaws had signed Page. As Smith's arm was sore and Stevens was on a visit to his home in Sanford this left the team without a pitcher. Galloway, the star left fielder, was called to the box. He surprised every one even himself by putting up a fine game. He gave only a half dozen hits and struck out more than a dozen ambitious outlaws. Especially in the ninth inning was his work good when he struck out Willard, Campbell and Sams in succession. The team missed Capt. Allen at third, who was out with a game ankle. He did great work as umpire. However, the outlaws got first blood. In the first inning a base on balls and two hits gave them two runs. Stetson tied the score in the third. In the fourth the Outlaws got two more and by adding three in the sixth had decidedly the best of the argument. In the eighth a long hit for two bases by Galloway with a hit by Blount and several errors by the Outlaws gave Stetson three. In the ninth Galloway hit for three bases and scored on an error by the Outlaws. With two down and a man on third Calhoun was sent in in Smith's place as a pinch hitter. He failed to connect and the game ended seven to six in favor of the Outlaws.

For several reasons the "Stetson Lits" have not met for the last two weeks previous to last Saturday night. The enthusiasm for the "Stetson Lits" has not abated as yet for three new names were added to our membership list last Saturday.

The program for the evening was as follows:

A talk on College Customs—Mr. Longdon.

Parliamentary Practice—Mr. Lawrence.

Debate: Resolved that the governor of Florida should hold office two terms instead of one.

**A Saturday Night At Supper.**

When the day is done and over, and the night comes on apace

Then the student of old Stetson with a worn and frowning face

Turns his weary footsteps slowly toward the hall of old Chaudoin,

And he eats the grits and taters and he sadly sighs for home;

But his heart is gently throbbing, for tomorrow's sun will bring

A little bit of extras and perhaps a chicken wing.

And we whisper murmured warnings, and we smile a sickly smile

As we think of Suhrie's normals, unsuspecting, without guile

And we wonder if the eating and the grub they give us there

Will be better in the springtime, in the springtime, Molly dear.

**Y. M. C. A. Convention at Gainesville.**

The State Inter-collegiate Y. M. C. A. convention was held in Gainesville on February 25th to 27th inclusive, and in line with her usual custom was well represented by ten of her most enthusiastic members. Mr. Willis, one of the international secretaries, who accompanied our delegation from DeLand, conducted six of the meetings, in which were discussed all phases of Y. M. C. A. work—devotional, financial, social, etc. Judge Hocker, of the Supreme Court, lectured to the convention on Saturday evening, and Sunday morning. Dr. Hulley gave a most interesting and instructive address on "The Bible as a Classic." Complimentary tickets to the chautauqua, furnished ample diversion for the delegates.
